(At Bayfront Ave – open-air carpark where parking charges apply based on their respective rates are not displayed here)

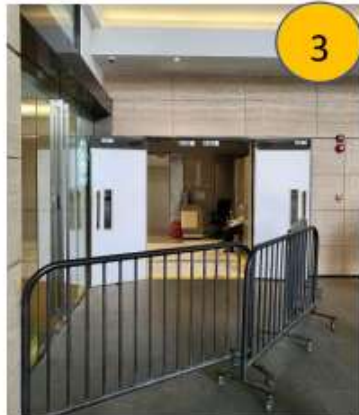

LOCATION MAP AND LOADING DOCK ENTRANCE

Loading vehicles are to stop at designated location next to carpark entrance. Off-load items and push to the loading entrance to change pass at Security office and take the service lift to level 7 or 8. The driver is always to man the loading vehicle as the security may require the loading vehicles to move their vehicles for other loading vehicles should space be a constrain at the designated loading area for vehicles.

Designated loading vehicle area.

Location to change pass at security counter (ground floor). Opposite from designated loading vehicle stop area. The service lift is beside the security counter for pass exchange. Avoid peak office hours to avoid longer wait times.

Service lift max load - 1630kg
